Concept Note

Since its inception in 2023, the Annual Theatre Utsav organised by the Amity School of Languages, Amity University Uttar Pradesh, Lucknow Campus has aimed to celebrate the transformative power of theatre in academia and society. Continuing this enriching tradition, the 2025 edition aspires to broaden its academic and cultural horizons by hosting a National Seminar, sponsored by the Indian Council for Social Science Research (ICSSR) on the theme Theatre in Education: NEP 2020 and the Role of Theatre, Arts and Culture in Higher Education Institutions (HEIs). The seminar proposes to critically explore the evolving role of Indian theatrical traditions in shaping and sustaining the country's socio-cultural fabric, while aligning this discourse with the national vision of Viksit Bharat @2047.

The National Education Policy (NEP) 2020 marks a significant paradigm shift in Indian education system by advocating a holistic, inclusive, and multidisciplinary approach. It explicitly recognises the importance of arts and culture, particularly theatre and performing arts, as key components of well-rounded education. By encouraging creative pedagogies, NEP 2020 empowers educational institutions to cultivate not only academic excellence but also emotional intelligence, cultural rootedness, and critical thinking among learners.

Theatre in Education (TIE) serves as a compelling pedagogical model that transcends the limitations of traditional lecture-based instruction. It promotes experiential learning through collaboration, role-play, introspection, and expression, thereby enriching the academic journey of students and nurturing essential life skills. In the context of HEIs, integrating theatre and performing arts aligns with NEP 2020's vision of cultivating creative, empathetic, and socially responsible individuals with enhanced skills, emotional intelligence, and a strong sense of cultural identity.

Seminar Objectives:

- To facilitate interdisciplinary research and dialogue on the integration of theatre in contemporary higher education curricula
- To trace the contribution of Indian theatrical traditions in social transformation.
- To assess the impact of theatre on personality development and holistic learning outcomes.
- To explore the role of theatre in raising awareness and action on pressing issues such as education, gender equity, environmental sustainability, ethics, and social justice.
- To promote an understanding of theatre as a pedagogic tool capable of inculcating essential life skills like communication, empathy, and critical thinking in students.

Seminar Highlights

- **Academic Paper Presentations:**

Welcoming research papers and conceptual analyses from scholars, educators, and practitioners on the role of theatre in education, pedagogy, and social change.

- **Panel Discussion:** The Relevance of Theatre in Higher Education Institutions—featuring distinguished scholars, educationists, and theatre professionals.

- **Student Theatre Production:**

A curated performance by university students reflecting the pedagogical and social value of theatre.
